

# SAYA

---

## Saya

**Saya is a mark, a gesture, a graphic sign, rendered in wood to finish a space like a signature. Fluid in line, warm in material, its silhouette is bold, striking. The sum is more than the parts: Saya inspires inclusion in diverse environments from home to contract.**

**Made for both residential and contract use, Saya is fabricated in oak and finished in teak, and natural stain. Color stains include white, black, ochre and three shades of red to permit variable yet cohesive combination. The 4-leg base is available in wood or chrome-finish steel. The 4-leg chrome-finish steel version is stackable to allow for large-scale use and storage.**

### Designer

Lievore Altherr Molina, 2012

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manuel Molina in 1991. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product and package design, their work has been globally exhibited and acknowledged. They are the recipients of the prestigious National Design Award (1999) in Spain where they practice and teach extensively. Lievore Altherr Molina have created some of our most influential and beloved collections, such as Catifa, Duna and Leaf.
